## Our Strategic Priorities

### Grower Relations

Grape Growers of Ontario is committed to maintaining excellent grower relations that reflect good communication practices, mutual respect and trust, participative decision-making, and accountability.

### Government Relations

Grape Growers of Ontario is committed to building a synergistic relationship with governments to sustain a favourable environment for the Ontario grape growing industry.

### Industry Relations

Grape Growers of Ontario is committed to building a culture of cooperation and collaboration to support the growth, viability and sustainability of the grape growing industry in Ontario.

### Quality

Grape Growers of Ontario is committed to producing premium quality grapes across Ontario's vineyards.

### Sustainability

Grape Growers of Ontario is committed to creating an environment that ensures sustainability of grape growers and the grape growing industry.

### Profitability

Grape Growers of Ontario are committed to ensuring the profitability of grape growers and the grape growing industry.

### Promotion and Marketing

Grape Growers of Ontario is committed to increasing public awareness of the grape growing industry and how it relates to industries that rely on quality Ontario-grown grapes, and to increasing public knowledge and understanding of vineyards and how growers manage them.

### Organizational Sustainability

Grape Growers of Ontario is committed to a plan for organizational sustainability.
